#DRBUNNYZINE

I LOOK FORWARD TO ANY FANCREATIONS THAT ARE INSPIRED BY THIS ZINE! PLEASE SHOW ME ♡

THANK YOU

Thank you for purchasing BUNNY a Danganronpa Design Zine. Whether you bought the digital or physical zine I hope you enjoyed looking through it! This zine is my first solo Danganronpa fanzine project so thank you for taking a chance on it! I tried to make all of the designs unique and personalized for the characters so hopefully that was conveyed well. I'll continue to do my best going forward so thank you for appreciating the bunny themed designs showcased in this project!

Thank you to the 20 guest artists that participated, I care so much for the community of DR artists I've been so lucky to befriend over the years. In the future I would love to work together with you all (and more) again, it's been so fun! Shoutout to Sa for teaching me how to use indesign.

I want to especially thank my patreon supporters who have been so patient, excited for and genuinely kind to me during this entire production. It's been so lovely to share my progress, get your feedback and stream the creation of the artwork in the zine for you all. I appreciate all of you so much!

And thank you to my family who encourages me to pursue my interests (even when it comes to drawing bunny girls and boys)
